Manual of Artistic and Technical Drawing Mar 17 2022 "At a time of compartmentalization and narrowing perspective in so many fields, this book stands firmly in favor of recognizing the field of drawing as a unified, coherent whole. Using a wealth of illustrations, carefully selected and discerningly introduced, the author proves that greatness in drawing is only achieved through an awareness of the profound unity of aesthetics and technical excellence."--BOOK JACKET.

Alpha Architecture Reference Manual Sep 30 2020 Alpha Architecture Reference Manual, Third Edition is the authoritative reference on the definition of Alpha architecture. Revised by the Alpha Architecture Committee, this book contains a complete description of the common architecture required of all implementations and describes the interfaces to support the Windows NT, Digital UNIX, and OpenVMS operating systems. The third edition reflects the latest implementations of the architecture, including the 21164A, 21164PC, and 21264. Some of the extensions to the architecture and the enhancement to the technical content include: new byte and word load, store and sign-extend operations; new multimedia instructions; new population enumeration and floating-point square root instructions; new instructions to improve data cache efficiency and updated Windows NT section. The Alpha chip is the fastest chip on the marketplace today. It runs Windows NT, UNIX and OpenVMS operating systems. New base-level server configurations provide four times the memory of current systems. Contains updated Windows NT section to reflect current technical port to Alpha Includes new insights into the software aspects of the implementation Covers new multimedia instructions for increased performance with high-end graphics applications

Fields of Training Jan 03 2021 This document is designed to help practitioners and policymakers in the European Union's member states coordinate their initial and continuing vocational education and training (VET) programs. It presents a subclassification of the recently revised International Standard Classification of Education (ISCED) that encompasses all fields of VET. The document begins with an overview of the fields of education in the ISCED, which was developed by the United Nations Educational, Scientific and Cultural Organization to serve as a tool for assembling, compiling, and presenting national and international educational statistics. The creation of a third digit to permit classification of VET within the ISCED system is explained along with the subject content approach underpinning the ISCED. Presented next are a table detailing the 9 broad fields, 25 fields of education, and (approximately) 65 fields of training in the ISCED system and instructions for using the manual. The actual field descriptions are listed next. Descriptions of the each of the 25 fields of VET are described next. Each description includes the following: field name; field audience; types of programs offered at various levels; and specific types of training included in/excluded from the field. Concluding the document are alphabetic and systematic code

lists. (MN)

Resetting Price Controls for Privatized Utilities Mar 25 2020

QUOTEThe aim of regulation is to protect consumers, while ensuring that the company remains viable and has an incentive to operate efficiently.QUOTEIn many developing countries private companies are replacing government agencies as owners and operators of infrastructure services. Governments must now develop new skills in economic regulation of these private providers to protect consumer interests, while also ensuring that the companies remain economically and financially sound and have incentives to operate efficiently. This manual provides new economic regulators with practical guidance on how to proceed in this fairly technical new field.Chapters cover: · Revising Price Controls · Procedures for Resetting a Price Control · Present Value Calculations · Investment and the Regulatory Asset Base · The Rate of Return · The Philosophy of Price Controls · The Form of a Price Control · Operating Costs · Revenues
