Love can be blinding and by the time the truth shines through, it's too late to escape. Fame. Fortune. Success. Is that too much to ask? All I need is to catch a break. To snag the attention of someone important. Someone who can help make my career everything I want it to be. Joseph was that man. Until the night the lights went out and I left with someone else. Someone who stole my breath and made me want for things I'd never considered before. I should have known better than to trust a stranger. Especially one of his stature and class. Money means power and power means control. Over my heart. My career. My entire life. My dreams died the moment I agreed to his terms and a new chapter in my life began. I was blinded by my love for him and thought nothing would ever change the way I felt. Then I uncovered the truth about him. About the kind of man he really was and the secrets he paid good money to keep hidden from everyone. Now I'm trapped, with no way out. Book 1 of 2 in the Storm Series. Travis King is the worst kind of asshole. He taunts me for being a good girl and mocks my high standards. He's cruel, crass, and has enough confidence to last two lifetimes. And I hate him. It wouldn't matter so much if he were avoidable. But considering he's my older brother's best friend and roommate, I see him more than I'd ever want to. His sculpted abs and gorgeous eyes are wasted on such an arrogant man, which makes me hate him even more. Even though I've had a crush on him since I was ten, the feelings weren't mutual and he's always made that very clear. He's always loved getting under my skin and one night against my better judgment, I let him in my bed. I've succumbed to his manwhore ways, but that doesn't change a thing. She can't afford to let Spencer learn all of her secrets, a tough job since she is living with the man. No sex, though. It's purely a business relationship. Except...the holidays in the South sure do get HOT. Or maybe that's just sexy Spencer. Usually, Haley falls for the bad guy. It's the whole reason she's running for her life. She can't help but wonder...What would it be like to fall for a man like Spencer? He just got his Christmas wish. Sheriff Spencer Lane can't believe his luck. The most beautiful, fascinating woman he's ever seen has just dropped into his life like a gift from, well, the big guy in red. Only the problem is that Haley seems to think Spencer is some by-the-book, nice guy. Probably because of the badge. And if she wants him to be the hero, that's a role that he's happy to play for her. But the truth is, Spencer has plenty of darkness inside, too. An ex Navy SEAL, he knows how to get sh—um, stuff done. He also knows how to be very, very naughty. When danger threatens his Haley, all bets are off. No one is going to hurt her. No one is going to threaten her. Not in his town. Not on his watch. A surprise marriage proposal from her boss's son wasn't on her Christmas list, but it's the perfect excuse to get away and weigh her options. She never imagined her son's ski instructor/Santa impersonator would be the gorgeous, charismatic dreamer she left behind years ago, the one who still owns a piece of her heart. Cole Hagan has never stopped loving Eden and he's spent the last eight years proving her wrong on every count about his potential. While he fights to save the resort that he helped to build by organizing a holiday concert, he decides it's about time that Eden puts aside her list-making pragmatism so that she and her skeptical son can experience the true magic of

The night is pitch black, but hardly quiet. Young lovers are rendezvousing, a police constable is helping himself to a few of his neighbor's partridges, and a poet is going to visit his beloved, a new verse on his lips. She will never hear it, sadly, for the young man is stopped along his way - stopped forever, by the tight grip of the garrote. The local constabulary wastes no time reaching out to Scotland Yard, which sends its best man: the easygoing detective-inspector Littlejohn. In Melchester he will find unspeakable secrets - and one citizen whose soul is as dark as the village night. First published in 1964, Psychology and Social Problems looks at a changing society and research into problems of the time. Many of the themes in the book, such as delinquency, mental health and racial conflict, are still familiar and current topics of discussion today. Social scientists had carried out extensive research into problems of urgent public concern, yet their findings were not widely known or understood and they had often been diffident in advocating policies based on their conclusions. Michael Argyle discussed the recent psychological and social research bearing on the origins of aggression, delinquency, mental disorder, racial and international prejudice, and industrial discontent; he went on to consider the implications of these studies for prevention and control and for the guidance of social change. This sophisticated and well-documented critique is presented with such lucidity and verve that it will appeal equally to laymen and to students and professional workers and can now be enjoyed in its historical context. This volume is aimed at those who are concerned about Chinese medicine - how it works, what its current state is and, most important, how to make full use of it. The audience therefore includes clinicians who want to serve their patients better and patients who are eager to supplement their own conventional treatment. The authors of the book belong to three different fields, modern medicine, Chinese medicine and pharmacology. They provide information from their areas of expertise and concern, attempting to make it comprehensive for users. The approach is macroscopic and philosophical; readers convinced of the philosophy are to seek specific assistance. Metro A New York Times bestseller Grace Sachs, a happily married therapist with a young son, thinks she knows everything about women, men and marriage. She is about to publish a book called You Should Have Known, based on her pet theory: women don't value their intuition about men, leading to serious trouble later on. But how well does Grace know her own husband? She is about to find out, and in the place of what she thought she knew, there will be a violent death, a missing husband, and a chain of terrible revelations. Left behind in the wake of a very public disaster, and horrified by the ways in which she has failed to heed her own advice, Grace must dismantle one life and create another for herself and her child. Published previously under the title You Should Have Known Here is a rhetorical treatment of Karl Barth's early theology. Although scholars have long noted the rhetorical power of Barth's work, calling it volcanic and explosive, this book uses rhetoric to illuminate the peculiar nature of his prose. It displays a Barth whose prose is radically unstable and inseparable from his theological arguments. The author connects Barth's early theology to the Expressionism of the Weimar Republic. He develops an original theory of figures of speech, relying on the philosophies of Paul Ricoeur and Hayden White, to delve more deeply into the particular configurations of Barth's writings. Nietzsche's hyperbole and Kierkegaard's irony are examined as rhetorical precedents of Barth's style. The closing chapter surveys Barth's later, realistic theology and then suggests ways in which his earlier tropes, especially the figures of excess and self-negation, can serve to enable theology to speak today. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.
