A woman was found floating in the boat harbor in May. In October, an off-duty trooper stumbled upon the body of an 18-year-old girl in the woods, and later that month, two young boys discovered the bones of Deanna Kerr entwined in a pile of kelp on the beach. When a park ranger discovers the body of a fourth woman, Patterson calls the FBI for assistance, and FBI Special Agent Nick Morgan flies to Kodiak to aid in the investigation. Morgan quickly realizes they have too many suspects and too little evidence. Could the killer be the crab boat captain who knew two of the victims, or is the murderer one of the coaches at the high school? As the investigation proceeds, Patterson even begins to fear the killer could be someone on his task force. When the murderer strikes again, tensions escalate, and Patterson and Morgan know they must catch this monster before another woman dies. A helicopter crash alters a Coast Guard rescue swimmer's life forever in Cutting Edge, a suspense thriller by USA Today bestselling author Ward Larsen Trey DeBolt is a young man at the crest of life. His role as a Coast Guard rescue swimmer in Alaska offers him a rewarding job and limitless adventure. Then a tragic accident alters his life: during a harrowing rescue, his helicopter goes down. Severely injured, DeBolt awakens in a seaside cabin in Maine, thousands of miles from where the accident occurred. His lone nurse lets slip that he has been officially declared dead, lost in the crash. Back in Alaska, however, Coast Guard investigator Shannon Lund uncovers evidence that DeBolt might still be alive. Her search quickly becomes personal, but before she can intervene, chaos erupts outside a cabin in the wilds of Maine. The nurse who has been treating DeBolt is brutally killed by military-trained assassins. DeBolt is only saved when a bizarre vision guides him to safety. Soon other images appear, impossible revelations that are unfolding in their accuracy. As he runs for his life, DeBolt discovers he has been drawn into an ultra-secret government project. The power it bestows is boundless, both a gift and a curse. Yet one thing is certain: Trey DeBolt has abilities no human has ever known. Then there were some people who were not amused at how the Knight had foiled a sure-fire scheme worth billions, and were looking for him with heavy muscle and heavier artillery . . . People in trouble and people who are trouble just seem to populate his life³4and thank goodness, because they are the very thing the Knight needs to keep his life from getting boring.
